Subject: Willamette Superfund Site - Please do not reduce clean up

Dear EPA,

In regard to the proposed changes to the Willamette Superfund site clean up plan, please do not reduce clean up by 17 acres.

I am concerned about the health risks and environmental impact of not returning to the cleanup standards of the original plan.

This cleanup is important for us and future generations. I'm calling you to uphold water quality standards this time and always.

Thank you for hearing my concerns and taking necessary action.

Sincerely,
